

SCHEDULING STATUS:

Unscheduled - cosmetic product

PROPRIETARY NAME AND DOSAGE FORM:**Centar lotion****COMPOSITION**

Key active Ingredients:

Copper Tri-peptide
Beta Glucan
Centella Asiatica Ultra Distillate (UDCA)
Skin Emollients

PRODUCT ACTION:

The synergistic action of the key active ingredients in Centar lotion assists in significantly reducing levels of inflammation that occur in the deeper layers of the skin. Preventing the entry of harmful cells and chemicals in the area of a scar or stretch mark assist in reducing the formation or even progression of the abnormal lesion. At the same time, powerful peptides significantly increase new healthy collagen protein as well as new blood vessels to assist in timely healing or repair of the affected area.

INDICATION:

Centar lotion is indicated for the prevention of or improvement in the appearance of newer, red stretch marks as well as closed red scars

CONTRAINDICATIONS:

Hypersensitivity to any of the ingredients

WARNINGS:

This product is to be applied to intact skin
For external use only
Do not swallow the product

PREGNANCY AND LACTATION:

There are no contra-indications to using Centar lotion

DIRECTIONS OF USAGE:

- Apply the Centar lotion to the affected area, or area of concern, at least twice a day
- The product should be massaged till fully absorbed into the skin
- Centar lotion should be applied over Centar gel if the two products are being used at the same time

SIDE EFFECTS AND SPECIAL PRECAUTIONS:

There are no expected interactions. Should there be any unexpected reactions consult your skincare professional
